HISTORY

In 1933, Mr. Munir Sukhtian (Father of Nidal, Ghiath, and Munjed Sukhtian) founders of Beit Jala Pharmaceutical Company started a small business enterprise (pharmacy) in Tulkarem/Palestine.

In 1969 Beit Jala Pharmaceutical Company formerly Jordan Chemical Laboratory, was established as the first pharmaceutical company in Palestine. The company was designed to produce generic drug pharmaceutical products of very high quality to the domestic market.

In 1992, decision was taken to start building a state-of-the-art facility in compliance with cGMP regulations and relevantly to refurbish the old facility, all with the aim to produce PURE, SAFE, and EFFECTIVE drug pharmaceutical products.
GMP & ISO certified

More than 120 registered products of different dosage forms

Broad portfolio of therapeutic categories

More than 140 experienced and talented employees
Beit Jala Pharmaceutical Company, a history of success in the domestic market with a vision for export to regional & overseas countries.
What started as the first small pharmacy in Tulkarem, Palestine in 1933 has successfully developed into a multinational pharmaceutical company with a diverse range of dependable and high quality pharmaceuticals. Located in the outskirts of Bethlehem, Beit Jala Pharmaceuticals (BJP)'s GMP and ISO certified manufacturing plant produces and exports medicines throughout the region, and is networking with its sister companies in the Munir Sukhtian Group to reach other international markets as well.

BJP's dynamic R&D, accumulated knowledge in the industry, and professional and dedicated team have ensured continued success and growth over the past 74 years in a challenging market, and provide a strong launching pad into the future. We will continue to grow and deliver pharmaceuticals with great consideration for social responsibility as well as human health and wellbeing, and we look to our partners in each market to achieve our mutual goals in the health sector.

Nidal Sukhtian
With steady steps towards a healthier future we built a company with a special vision, targeting at enabling patients at all levels to have access to high quality products.

We aim at focusing on providing drug pharmaceutical products in accordance with cGMP regulations with a special emphasis on safety, purity & efficacy.

Our market is the world.
Our vision is to excel.
Our mission is the benefit of all stakeholders.
We aim at being leaders in serving humanity.

Angele Zaboura
LOCATION
Beit Jala Pharmaceutical Company (BJP) is located in Beit Jala, south to the holy city Jerusalem and west to Bethlehem the birthplace of Jesus Christ.

VISION
Serving humanity by providing a better quality of life.

MISSION
Striving to Manufacture safe, pure, and effective branded generic drug pharmaceutical products for the domestic and global markets.

FACILITIES
Especially designed in compliance with cGMP regulations, with total separation between the different dosage forms in all areas pertaining to weighing, manufacturing and packaging.
RESEARCH & DEVELOPMENT DEPARTMENT
A strong pipeline that enables applying for a marketing authorization of a significant number of products that provides regular sales growth in the domestic and global markets.

QUALITY CONTROL DEPARTMENT
The QC department performs all physical, chemical testing of the active pharmaceutical ingredients, in-process materials and finished products. In addition to shelf life testing and monitoring.

MICROBIOLOGY LAB
The microbiology lab is responsible for microbial testing of active pharmaceutical ingredients and finished products including preservative efficacy testing throughout the whole stability study. Daily water monitoring is performed to ensure compliance with pharmacopoeial limits.

Environmental monitoring of the production area falls within the scope and responsibility of the microbiology laboratory, in addition to the constant monitoring of the level of contamination of the operators gowns, hands, as well as working surfaces in the production and other relevant areas.
PRODUCTION DEPARTMENT
The plant is a multi production facility designed for the manufacturing of solid dosage forms, semi solids, liquids and sterile liquid dosage forms in the form of eye drops. The design enables storage, weighing, production and packaging of a certain dosage form separately in a downstream flow, eliminating the possibility of mix-ups and cross contamination.

WAREHOUSES
The released active pharmaceutical ingredients, excipients, packaging materials and finished products are stored each separately according to Good Storage Practices (GSP). The storage areas are continuously monitored for temperature and humidity.

QUALITY ASSURANCE DEPARTMENT
The QA department is responsible for:
Placing BJP quality system and auditing it frequently.
Ensuring the manufacturing of pure, safe and effective drug pharmaceutical products in compliance with cGMP regulations.
Releasing/rejecting active pharmaceutical ingredients, excipients, packaging materials and finished products.

DOCUMENTATION
Documents pertaining to products quality are prepared and reviewed with relation to the objectives and practices of the relevant department in accordance with cGMP regulations and are made available to the designated user and controlled by the QA department.
PERSONNEL TRAINING
BJP employees different academic backgrounds, necessitates receiving regular training that is relevant to their scope of work, to enable them run their designated operations, with maximum efficiency and productivity.

ENGINEERING DEPARTMENT
The Engineering department works on ensuring the design specifications of the main systems: Heating, Ventilation, and Air Conditioning (HVAC), Purified Water / Water for Injection (PW/WFI) and Compressed Air systems and their compliance with cGMP regulations. The department performs corrective and preventive maintenance of all equipment, buildings, facilities and associated utilities used in the manufacturing, processing, packaging, holding and testing of drug products. It ensures an adequate supply of machinery spare parts. The department works side by side with R & D, QC and production departments on product development and on performing corrective and preventive maintenance activities.

FINANCIAL DEPARTMENT
The financial department works on providing adequate financial resources for the various operations. In addition, the department directs purchases towards certified approved suppliers and prepares quarterly financial reports to enable regular follow-up of the various operations.
HUMAN RESOURCES
Beit Jala Pharmaceutical Company success is based on a policy of recruiting high standard employees in various industry related backgrounds. 85% of the employees are holders of academic degrees.

MARKETING DEPARTMENT
Marketing, with its two branches: Domestic Department and Export, provide a broad portfolio of both ethical and OTC products.

Beit Jala Pharmaceutical Company is a major player in the local market. BJP established a remarkable marketing and distribution network to serve the local market professionally & successfully. The broad range of our products with the strong marketing network helped BJP to achieve leading positions among major local players. The marketing department works on fulfilling sales plans projecting and realizing a regular yearly growth of 10 - 13% in sales as a result of a constant growth in BJP Company’s range of products and from the continuous introduction of new products and markets. This department performs customer satisfaction evaluations on a regular basis to enable constant feedback to top management.

REGULATORY AFFAIRS
Providing adequate files and documents in accordance with the needs for obtaining a Marketing Authorization in the domestic and global markets.
### Analgesic & Anti-Pyretic Drugs

**Muscle Relaxants & Cox-2 Inhibitors**

- **Aspisal Tablets**: 100mg Acetyl Salicylic Acid, 30 tablets
- **Celex Capsules**: 100mg Celecoxib, 20 capsules
- **Celex Capsules**: 200mg Celecoxib, 10 capsules
- **Anagesic Tablets**: 15mg Codeine Phosphate & 325mg Paracetamol, 20 tablets
- **Harrar Cream**
  - **Indocaps Capsules**: 25mg Indomethacin, 24 capsules
  - **Indocaps Suppositories**: 100mg Indomethacin, 10 suppositories
- **Indogel Emulgel**: 1% w/w Indomethacin, 45g
- **Isofen Suspension**: 100mg / 5ml Ibuprofen, 100ml
- **Isofen 200 Tablets**: 200mg Ibuprofen, 20 film-coated tablets
- **Isofen 400 Tablets**: 400mg Ibuprofen, 20 film-coated tablets
- **Isofen Emulgel**: 5g / 100g Ibuprofen, 30g
- **Paragesic Tablets**: 50mg Dextropropoxyphene HCl & 500mg Paracetamol, 20 tablets
- **Paramol Tablets**: 500mg Paracetamol, 20 tablets
- **Paramol Infant Suppositories**: 150mg Paracetamol, 5 suppositories
- **Paramol Child Suppositories**: 300mg Paracetamol, 5 suppositories
- **Paramol Extra Suspension**: 250mg/5ml Paracetamol, 100ml
- **Paramol Extra Tablets**: 1000mg Paracetamol, 7 tablets
- **Paramol Plus Tablets**: 500mg Paracetamol & 65mg Caffeine, 30 tablets
- **Relaxon Tablets**: 500mg Paracetamol & 30mg Orphenadrine Citrate, 20 tablets
Anti-Microbial, Anti-Septic & Anti-Fungal Drugs

Azytra Suspension 200mg Azithromycin (as Dihydrate)/5ml reconstituted suspension, 22.5ml suspension after reconstitution
Azytra Capsules 250mg Azithromycin (as Dihydrate), 6 Capsules
Dandrex Shampoo 0.1g / 5g Ketoconazole, 100ml
Denacine 150 Capsules 150mg Clindamycin (HCl), 16 capsules
Denacine 300 Capsules 300 mg Clindamycin (HCl), 16 capsules
Denacine Solution 10mg / ml Clindamycin (phosphate), 30ml
Denacine Emulgel 1% Clindamycin (phosphate), 30g
Doxal Tablets 125mg Doxycycline HCl, 10 tablets
Furamix Suspension 17.5mg/5ml Furazolidone, 1000mg/5ml Kaolin & 50mg/5ml Pectin, 100ml
Furamix Tablets 50mg Furazolidone, 100mg Kaolin & 20mg Pectin, 20 tablets
Garamine Cream 0.1% Gentamycin Sulfate, 16g
Healer Cream 8.5% w/w Mafenide (acetate), 15g
Jordacycline Eye Ointment 0.50% Oxytetracycline HCl, 4g
Klarimax 125 Suspension 125mg / 5ml Clarithromycin, 60ml
Klarimax 250 Suspension 250mg / 5ml Clarithromycin, 60ml
Klarimax 500 Tablets 500mg Clarithromycin, 14 tablets
Mycoten Cream 1% w/w Clotrimazole, 20g
Mycoten Vaginal cream 2% w/w Clotrimazole, 20g
Mycoten HC Cream 1% w/w Clotrimazole & 1% w/w Hydrocortisone, 15g
Mycoten 1 Vaginal Tablets 500mg Clotrimazole, 1 tablet
Mycoten 3 Vaginal Tablets 200mg Clotrimazole, 3 tablets
MyRox 100 Tablets 100mg Ruxythromcin, 20 tablet
MyRox 150 Tablets 150mg Ruxythromycin, 10 tablets
MyRox 300 Tablets 300mg Ruxythromycin, 7 tablets
Povidex Pessaries 5% Povidone Iodine, 12 pessaries
Silvezin Cream 1% w/w Silver Sulfadiazine, 50g & 500g
Sporofulvin Tablet 125mg Griseofulvin, 40 tablets
Sporofulvin Suspension 125mg / 5ml Griseofulvin, 100ml
Sulfaprim Tablet 400mg Sulfamethoxazole & 80mg Trimethoprim, 20 tablets
Sulfaprim Suspension 200mg/5ml Sulfamethoxazole & 40mg/5ml Sulfamethoxazole, 60ml & 100ml
Taricin Tablets 200mg Ofloxacin, 10 tablets
Tinasil Cream 1% w/w Terbinafine HCl, 15g
Tinasil 1% Topical Spray 1% w/v Terbinafine HCl, 30ml
Tinasil 250 Tablets 250mg Terbinafine, 10 tablets
Zydex Cream 2% w/w Fusidic Acid, 15g
Zydex Ointment 2% w/w Sodium Fusidate, 15g
Zydex HC Cream 2% w/w Fusidic Acid & 1% Hydrocortisone Acetate, 15g
Zydex B Cream 2% w/w Fusidic acid & 0.1% w/w Betamethasone (as valerate), 15g
**Eye & Ear Drops**

- **Antivine Eye Drops** 0.25% Zinc Sulfate, 0.025% Naphazoline HCl & 0.10% Diphenhydramine HCl, 10ml
- **I-Clear Drops** 14mg/ml Polyvinyl Alcohol, 10ml
- **Ketofen Eye Drops** 0.25 mg / ml Ketotifen (Hydrogen Fumarate), 5ml
- **Lomixin Eye Drops** 0.50% Chloramphenicol, 10ml
- **Neocort Ear Drops** 5mg / ml Neomycin Sulfate, 1mg / ml Dexamethasone Sodium PO4 & 10000IU Polymixin B Sulfate, 10ml
- **Neodex Eye & Ear Drops** 5mg Neomycin Sulphate eq. to 3.5mg Neomycin & 1.1mg Dexamethasone Sodium Phosphate eq. to 1mg Dexamethasone Phosphate/ml, 10ml
- **Risine Eye Drops** 0.05% w/w Tetrahydrozoline HCl, 10ml
- **Taricin Sterile Eye & Ear Drops** 0.30% w/w Ofloxacin, 5ml
- **Zydex Ophthalmic Viscous Eye Drops** 1% Fysidic Acid, 5g

**Anti-Allergic Drugs**

- **Allergon Tablets** 3mg Chlorpheniramine Maleate, 20 tablets
- **Allergon Syrup** 2mg / 5ml Chlorpheniramine Maleate, 100ml
- **Dermagesic Lotion** 8% w/w Calamine & 8% Zinc Oxide, 100ml
- **Ketofen Tablets** 1mg Ketotifen (Hydrogen Fumarate), 20 tablets
- **Ketofen Syrup** 1mg / 5ml Ketotifen (Hydrogen Fumarate), 100ml
- **Lorax Tablets** 10mg Loratadine, 10 tablets
- **Lorax Syrup** 5mg / 5ml Loratadine, 120ml
Vitamins & Food Supplements

- **Calcitra Caplets** 200mg Calcium (Citrate), 30 film-coated caplets
- **Calcitra-D Caplets** 200mg Calcium (Citrate) & 200I.U. Vitamin D3, 30 film-coated caplets
- **Calcitra-D Ultra Caplets** 315mg Calcium (Citrate) & 200I.U. Vitamin D3, 30 film-coated caplets
- **C-Tab (Currant) Tablets** 500mg Ascorbic Acid, 20 tablets
- **C-Tab (Orange) Tablets** 500mg Ascorbic Acid, 20 tablets
- **Duacin Tablets** 500mg Nicotinic Acid, 30 tablets
- **Prefer-Z Capsules** 170mg Dried Ferroles Sulphate, 26.93mg Zinc Oxide, 040mg Folic Acid.
- **Neurovit Tablets** 100mg Vitamine B1 Mono-nitrate, 250mg Vitamine B6 & 250mcg Vitamine B12, 20 tablets
- **Res- Q 10 Capsules** 30mg Coenzyme Q 10, 30 soft gelatin capsules
Anti-Hyperlipidemia

**Lolip 10 Tablets** 10mg Atorvastatin (Calcium), 30 film-coated tablets
**Lolip 20 Tablets** 20mg Atorvastatin (Calcium), 30 film-coated tablets
**Lolip 40 Caplets** 40mg Atorvastatin (Calcium), 30 film-coated caplets
**Lolip 80 Caplets** 80mg Atorvastatin (Calcium), 30 film-coated caplets

Anti-Diabetic Drugs

**Amarrex 1 Tablets** 1mg Glimepiride, 30 tablets
**Amarrex 2 Caplets** 2mg Glimepiride, 30 caplets
**Amarrex 3 Caplets** 3mg Glimepiride, 30 caplets
**Amarrex 4 Caplets** 4mg Glimepiride, 30 caplets
**Declamide Tablets** 5mg Glibenclamide, 30 tablets
Corticosteroids

- **Betacort Tablets** 0.5mg Betamethasone, 20 tablets
- **Betacort-V Cream** 0.1% w/w Betamethasone (as valerate), 16g
- **Corten Cream** 1% w/w Hydrocortisone Acetate, 15g
- **Novodexon Syrup** 0.5mg / 5ml Dexamethasone, 100ml
- **Novocort Eye, Ear & Nose Ointment** 0.5% w/w Neomycin Sulphate & 1% w/w Hydrocortisone Acetate, 4g

Calcium Channel Blockers

- **Secure 2.5 Capsules** 2.5mg Amlodipine (besilate), 20 capsules
- **Secure 5 Capsules** 5mg Amlodipine (besilate), 20 capsules
- **Secure 10 Capsules** 10mg Amlodipine (besilate), 20 capsules

Varicose Veins

- **Daviton Tablets** 495mg Diosmin & 55mg Hesperidin, 30 tablets
Antiepileptic

Nerventin 300 capsules 300mg Gabapentin, 40 Capsules
Nerventin 400 capsules 400mg Gabapentin, 40 Capsules

Alopecia

Finecia Tablets 1mg Finasteride, 30 Tablets
Hairmax Topical Solution for Men 5% Minoxidil, 60ml
Hairmax Topical Solution for Women 2% Minoxidil, 60ml

Cold & Cough Preparations

Nazex Nasal Spray 0.74 %w/w, Sodium Chloride, 15ml
Nocaf Syrup 1% Oxolamine Citrate, 100 ml
Paraflu Tablet 2.50mg Chlorpheniramine Maleate, 10mg Phenylephrine HCl, 300mg Paracetamol, 100mg Ascorbic Acid & 30mg Caffeine, 20 tablets
Paraflu Syrup 1mg Chlorpheniramine Maleate & 2mg Phenylephrine HCl, 60ml
Pectosin Syrup 100mg / 5ml Guaifenesin, 100ml
Tussana Mild Syrup 1mg / 5ml Chlorpheniramine Maleate, 1.83mg / 5ml Ephedrine HCl, 50mg / 5ml Ammonium Chloride & 0.13mg / 5ml Menthol, 100ml
Mouth preparations

**Gargarol Mouth** Wash 0.20% w/w Chlorhexidine Gluconate, 180ml

**Gingipaint Paint** 3.75% w/w Tannic Acid, 0.75% w/w Calcium Pantothenate & 1.00% w/w Lidocaine HCl, 10ml

Erectile Dysfunction Therapy

**Fortex Tablets** 50mg Sildenafil Citrate, 2 tablets

Sedative Drugs

**Baby Nam Syrup** 50mg / 5ml Sodium Bicarbonate, 100ml

**Hudu Caplets** 50mg Diphenhydramine HCl, 20 caplets
